Item 2: Educational Background and Business Experience

Name: Troy Robert Sharpe **Born:** 1980

Educational Background and Professional Designations:

Education:

Bachelor of Science in Finance, Florida State University - 2004

CERTIFIED FINANCIAL PLANNER Graduate Certificate Program - Susanne M. Glasscock School of Continuing Studies, Rice University

Designations:

CFP® - Certified Financial Planner

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- i. Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- ii. Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

CPWA® - Certified Private Wealth Advisor®

- The CPWA designation signifies that an individual has met initial and on-going experience, ethical, education, and examination requirements for the professional designation, which is centered on private wealth management topics and strategies for high-net-worth clients. Prerequisites for the CPWA designation are: a Bachelor's degree from an accredited college or university or one of the following
- Designations or licenses: CIMA". CIMC ". CFA°. CFP®. ChFC". or CPA license; have an acceptable regulatory history as evidenced by FINRA Form U-4 or other regulatory requirements and five years of experience in financial services or delivering services to high-net-worth clients. CPWA designees have completed a rigorous educational process that includes self-study requirements, an in-class education compo and successful completion of a comprehensive exam. CPWA designees are required at the University Of Chicago Booth School Of Business to IMCA's Code of Professional Responsibility and Rules and Guidelines for Use of the Marks. CPWA designees must report 40 hours of continuing education credits, including two ethics hours, every two years to maintain the certification. The designation is administered through Investment Management Consultants Association (IMCA).

CTS - Certified Tax Specialist

The Certified Tax Specialist Program is focused on the tax compliance requirements for individuals subject to estate and donor's taxation, for property owners subject to capital gains and other property taxes, and for business owners in business and income taxation. In the program, the participants are guided in learning the fundamental principles, practical applications, and statutory compliance requirements. In order to obtain the Certified Tax Specialist designation, the participant must;

- Pass three exams; each one covers two of the six modules
- Complete one open-book case study (a one page set of facts based on a hypothetical client)

- Fill out a registration form and complete a student questionnaire
- Sign a code of ethic
- Candidates must have at least 2,000 hours of work experience in the financial services industry or a bachelor's degree from an accredited college or university.
- Designees must complete 15 hours of continuing education, reported once every year.

Item 3: Disciplinary Information

Registered investment advisors are required to disclose certain material facts about its associated personnel regarding any legal or disciplinary events, including criminal or civil action in a domestic, foreign or military court, or any proceeding before a state, federal or foreign regulatory agency, self-regulatory organization, or suspension or sanction by a professional association for violation of its conduct rules, that would be material to your evaluation of each officer or a supervised person providing investment advice.

Troy Sharpe and Oak Harvest Insurance Services, LLC has pending litigation alleging fraud concerning the sale of two multi-year guaranteed annuities that were brokered for a single insurance client. The lawsuit requests \$2.5 million in damages in restitution. The insurance

client has not accrued any losses as the annuities have continued to pay their contracted amounts.

Item 4: Other Business Activities

Troy Robert Sharpe is CEO of Oak Harvest Insurance Services and is a licensed insurance agent. From time to time, he will offer clients advice or products from those activities. This activity involves 34% or less of his time during traditional business hours each month. Mr. Sharpe is able to sell annuities, life, health, and long-term care coverage to interested parties through various unaffiliated insurance companies via our insurance agency Oak Harvest Insurance Services, LLC. Clients should be aware that these services pay a commission and involve a conflict of interest, as commissionable products conflict with the fiduciary duties of a registered investment adviser. Oak Harvest Investment Services always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients always have the right to decide whether or not to utilize the services of any representative of Oak Harvest Investment Services in such individual's outside capacities.

Mr. Sharpe is the President and Managing Member of OHFG Ventures, LP and OHFG Management, Inc, the owning companies of Oak Harvest Investment Services, LLC and Oak Harvest Insurance Services, LLC. He may receive income from revenue generated from both of these entities. This activity involves 34% or less of his time during traditional business hours each month.

Mr. Sharpe is President and Managing Member of Troy Sharpe Consulting, LLC; a closely held entity used for the purpose of personal income and expenses. Mr. Sharpe consults for high-net worth clients, and this activity involves less than 34% of his time each month, and normally occurs during regular business hours.

Mr. Sharpe is not registered, nor has an application pending to register, as a registered representative of a broker/dealer or associated person of a futures commission merchant, commodity pool operator, or commodity trading advisor. He does not receive commissions, bonuses or other compensation based on the sale of securities, including that as a registered representative of a broker/dealer or the distribution or service ("trail") fees from the sale of mutual funds. Mr. Sharpe and our advisory firm do not have a material relationship with the issuer of a security.

Item 5: Additional Compensation

Mr. Sharpe is a licensed insurance agent and appointed with various unaffiliated insurance carriers via our insurance agency Oak Harvest Insurance Services, LLC. He receives a commission or renewal payment from the issuer subsequent to a client's purchase of an insurance contract. Further information with regard to these other activities may be found in the directly above section "Other Business Activities." Whether they are serving a client in one or

more capacities, Oak Harvest representatives will disclose in advance how they are being compensated and if there is a conflict of interest involving any advice or service being provided. At no time will there be tying between business practices and/or services; a condition where a client or prospective client would be required to accept one product or service which is conditional upon the selection of a second, distinctive tied product or service. The offer and sale of Insurance products are not made in the associate's capacity as a fiduciary and is limited to providers that have agreements to sell with Oak Harvest Insurance Services. No client is ever obligated to purchase any insurance product. Insurance products may also be available from other providers on more favorable terms, but OHIS and its associates will always act in the best interests of the client.

Item 6: Supervision

As a representative of Oak Harvest Investment Services, Mr. Sharpe is supervised by C. Nathan Kattner, the firm's Chief Compliance Officer. C. Nathan Kattner is responsible for ensuring that Mr. Sharpe adheres to all required regulations regarding the activities of an Investment Adviser Representative, as well as all policies and procedures outlined in the firm's Code of Ethics and compliance manual. The phone number for C. Nathan Kattner is (281) 822-1350.

Additional information about the firm, other advisory firms, or an associated investment advisor representative is available on the internet at www.adviserinfo.sec.gov. A search of this site for firms may be accomplished by firm name or a unique firm identifier, known as an IARD or CRD number. The CRD number for Oak Harvest Investment Services, LLC is 173293. The business and disciplinary history, if any, of an investment advisory firm and its representatives may be obtained by calling the Texas State Securities Board at (512) 305-8300.

Item 3: Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of this advisory business.

Item 4: Other Business Activities

Chad Lee Schneider is a licensed insurance agent. This activity creates a conflict of interest since there is an incentive to recommend insurance products based on commissions or other benefits

received from the insurance company, rather than on the client's needs. Additionally, the offer and sale of insurance products by supervised persons of Oak Harvest Investment Services are not made in their capacity as a fiduciary, and products are limited to only those offered by certain insurance providers. Oak Harvest Investment Services addresses this conflict of interest by requiring its supervised persons to act in the best interest of the client at all times, including when acting as an insurance agent. Oak Harvest Investment Services periodically reviews recommendations by its supervised persons to assess whether they are based on an objective evaluation of each client's risk profile and investment objectives rather than on the receipt of any commissions or other benefits. Oak Harvest Investment Services will disclose in advance how it or its supervised persons are compensated and will disclose conflicts of interest involving any advice or service provided. At no time will there be tying between business practices and/or services (a condition where a client or prospective client would be required to accept one product or service conditioned upon the selection of a second, distinctive tied product or service). No client is ever under any obligation to purchase any insurance product. Insurance products recommended by Oak Harvest Investment Services' supervised persons may also be available from other providers on more favorable terms, and clients can purchase insurance products recommended through other unaffiliated insurance agencies.

CFA - Chartered Financial Analyst

The Chartered Financial Analyst (CFA) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute - the largest global association of investment professionals.

There are currently more than 90,000 CFA charterholders working in 134 countries. To earn the CFA charter, candidates must: 1) pass three sequential, six-hour examinations; 2) have at least four years of qualified professional investment experience; 3) join CFA Institute as members; and 4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

High Ethical Standards

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA charterholders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

Global Recognition

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers

and clients are increasingly seeking CFA charterholders-often making the charter a prerequisite for employment.

Additionally, regulatory bodies in 22 countries and territories recognize the CFA charter as a proxy for meeting certain licensing requirements, and more than 125 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

Comprehensive and Current Knowledge

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning.

The CFA Program curriculum is updated every year by experts from around the world to ensure that candidates learn the most relevant and practical new tools, ideas, and investment and wealth management skills to reflect the dynamic and complex nature of the profession.

CFP® - Certified Financial Planner

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- i. Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- ii. Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Item 3: Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of this advisory business.

Item 4: Other Business Activities

Dustin Humrich has a business organization called UNTD Energy which sells residential solar system since December 2020.

Dustin Humrich is a licensed insurance agent. This activity creates a conflict of interest since there is an incentive to recommend insurance products based on commissions or other benefits received from the insurance company, rather than on the client's needs. Additionally, the offer and sale of insurance products by supervised persons of Oak Harvest Investment Services are not made in their capacity as a fiduciary, and products are limited to only those offered by certain insurance providers. Oak Harvest Investment Services addresses this conflict of interest by requiring its supervised persons to act in the best interest of the client at all times, including when acting as an insurance agent. Oak Harvest Investment Services periodically reviews recommendations by its supervised persons to assess whether they are based on an objective evaluation of each client's risk profile and investment objectives rather than on the receipt of any commissions or other benefits. Oak Harvest Investment Services will disclose in advance how it or its supervised persons are compensated and will disclose conflicts of interest involving any advice or service provided. At no time will there be tying between business practices and/or services (a condition where a client or prospective client would be required to accept one product or service conditioned upon the selection of a second, distinctive tied product or service). No client is ever under any obligation to purchase any insurance product. Insurance products recommended by Oak Harvest Investment Services' supervised

persons may also be available from other providers on more favorable terms, and clients can purchase insurance products recommended through other unaffiliated insurance agencies.

Item 5: Additional Compensation

Mr. Humrich is a licensed insurance agent and appointed with various unaffiliated insurance carriers via our insurance agency Oak Harvest Insurance Services, LLC. He receives a commission or renewal payment from the issuer subsequent to a client's purchase of an insurance contract. Further information with regard to these other activities may be found in the directly above section "Other Business Activities." Whether they are serving a client in one or more capacities, Oak Harvest representatives will disclose in advance how they are being compensated and if there is a conflict of interest involving any advice or service being provided. At no time will there be tying between business practices and/or services; a condition where a client or prospective client would be required to accept one product or service which is conditional upon the selection of a second, distinctive tied product or service. The offer and sale of Insurance products are not made in the associate's capacity as a fiduciary and is limited to providers that have agreements to sell with Oak Harvest Insurance Services. No client is ever obligated to purchase any insurance product. Insurance products may also be available from other providers on more favorable terms, but OHIS and its associates will always act in the best interests of the client.

Item 6: Supervision

As a representative of Oak Harvest Investment Services, Dustin Humrich is supervised by C. Nathan Kattner, the firm's Chief Compliance Officer. C. Nathan Kattner is responsible for ensuring that Dustin Humrich adheres to all required regulations regarding the activities of an Investment Adviser Representative, as well as all policies and procedures outlined in the firm's Code of Ethics and compliance manual. CFA - Chartered Financial Analyst

The Chartered Financial Analyst (CFA) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute - the largest global association of investment professionals.

There are currently more than 90,000 CFA charterholders working in 134 countries. To earn the CFA charter, candidates must: 1) pass three sequential, six-hour examinations; 2) have at least four years of qualified professional investment experience; 3) join CFA Institute as members; and 4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

High Ethical Standards

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA charterholders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

Global Recognition

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers

and clients are increasingly seeking CFA charterholders-often making the charter a prerequisite for employment.

Additionally, regulatory bodies in 22 countries and territories recognize the CFA charter as a proxy for meeting certain licensing requirements, and more than 125 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

Comprehensive and Current Knowledge

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning.

The CFA Program curriculum is updated every year by experts from around the world to ensure that candidates learn the most relevant and practical new tools, ideas, and investment and wealth management skills to reflect the dynamic and complex nature of the profession.

Elizabeth Anne Krog is a licensed insurance agent and appointed with various unaffiliated insurance carriers via our insurance agency Oak Harvest Insurance Services, LLC. He receives a commission or renewal payment from the issuer subsequent to a client's purchase of an insurance contract. Further information with regard to these other activities may be found in the directly above section "Other Business Activities." Whether they are serving a client in one or more capacities, Oak Harvest representatives will disclose in advance how they are being compensated and if there is a conflict of interest involving any advice or service being provided. At no time will there be tying between business practices and/or services; a condition where a client or prospective client would be required to accept one product or service which is conditional upon the selection of a second, distinctive tied product or service. The offer and sale of Insurance products are not made in the associate's capacity as a fiduciary and is limited to providers that have agreements to sell with Oak Harvest Insurance Services. No client is ever obligated to purchase any insurance product. Insurance products may also be available from other providers on more favorable terms, but OHIS and its associates will always act in the best interests of the client.

Item 6: Supervision

Item 3: Disciplinary Information

There are no legal or disciplinary events that are material to a client’s or prospective client’s evaluation of this advisory business.

Item 4: Other Business Activities

Eric Luan-Trong Nguyen is a licensed insurance agent. This activity creates a conflict of interest since there is an incentive to recommend insurance products based on commissions or other benefits received from the insurance company, rather than on the client’s needs. Additionally,

the offer and sale of insurance products by supervised persons of Oak Harvest Investment Services are not made in their capacity as a fiduciary, and products are limited to only those offered by certain insurance providers. Oak Harvest Investment Services addresses this conflict of interest by requiring its supervised persons to act in the best interest of the client at all times, including when acting as an insurance agent. Oak Harvest Investment Services periodically reviews recommendations by its supervised persons to assess whether they are based on an objective evaluation of each client's risk profile and investment objectives rather than on the receipt of any commissions or other benefits. Oak Harvest Investment Services will disclose in advance how it or its supervised persons are compensated and will disclose conflicts of interest involving any advice or service provided. At no time will there be tying between business practices and/or services (a condition where a client or prospective client would be required to accept one product or service conditioned upon the selection of a second, distinctive tied product or service). No client is ever under any obligation to purchase any insurance product. Insurance products recommended by Oak Harvest Investment Services' supervised persons may also be available from other providers on more favorable terms, and clients can purchase insurance products recommended through other unaffiliated insurance agencies.

Item 5: Additional Compensation

Eric Luan-Trong Nguyen does not receive any economic benefit from any person, company, or organization, other than Oak Harvest Investment Services in exchange for providing clients advisory services through Oak Harvest Investment Services. Eric Luan-Trong Nguyen is a licensed insurance agent and appointed with various unaffiliated insurance carriers via our insurance agency Oak Harvest Insurance Services, LLC. CTS – Certified Tax Specialist

The Certified Tax Specialist Program is focused on the tax compliance requirements for individuals subject to estate and donor’s taxation, for property owners subject to capital gains and other property taxes, and for business owners in business and income taxation. In the program, the participants are guided in learning the fundamental principles, practical applications, and statutory compliance requirements. In order to obtain the Certified Tax Specialist designation, the participant must;

- Pass three exams; each one covers two of the six modules
- Complete one open-book case study (a one page set of facts based on a hypothetical client)
- Fill out a registration form and complete a student questionnaire
- Sign a code of ethic
- Candidates must have at least 2,000 hours of work experience in the financial services industry or a bachelor's degree from an accredited college or university.
- Designees must complete 15 hours of continuing education, reported once every year.

Nicole May Riney is a licensed insurance agent. From time to time, she will offer clients advice or products from those activities. This activity involves 33% or less of his time during traditional business hours each month. Nicole May Riney is able to sell annuities, life, health, and long-term care coverage to interested parties through various unaffiliated insurance companies via our insurance agency Oak Harvest Insurance Services, LLC. Clients should be aware that these services pay a commission and involve a conflict of interest, as commissionable products conflict with the fiduciary duties of a registered investment adviser. Oak Harvest Investment Services always acts in the best interest of the client, including the sale of commissionable products to advisory clients. Clients always have the right to decide whether or not to utilize the services of any representative of Oak Harvest Investment Services in such individual's outside capacities.

Item 5: Additional Compensation

Nicole May Riney is a licensed insurance agent and appointed with various unaffiliated insurance carriers via our insurance agency Oak Harvest Insurance Services, LLC. She receives a commission or renewal payment from the issuer subsequent to a client's purchase of an insurance contract. Further information with regard to these other activities may be found in the directly above section "Other Business Activities." Whether they are serving a client in one or more capacities, Oak Harvest representatives will disclose in advance how they are being compensated and if there is a conflict of interest involving any advice or service being provided. At no time will there be tying between business practices and/or services; a condition where a client or prospective client would be required to accept one product or service which is conditional upon the selection of a second, distinctive tied product or service. The offer and sale of Insurance products are not made in the associate's capacity as a fiduciary and is limited to providers that have agreements to sell with Oak Harvest Insurance Services. No client is ever obligated to purchase any insurance product. Insurance products may also be available from other providers on more favorable terms, but OHIS and its associates will always act in the best interests of the client.

Item 6: Supervision

As a representative of Oak Harvest Investment Services, Nicole May Riney is supervised by C. Nathan Kattner, the firm's Chief Compliance Officer. C. Nathan Kattner is responsible for ensuring that Nicole May Riney adheres to all required regulations regarding the activities of an Investment Adviser Representative, as well as all policies and procedures outlined in the firm's Code of Ethics and compliance manual. The phone number for C. Nathan Kattner is (281) 822-1350.

Designations:

CFP® - Certified Financial Planner

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s Standards of Professional Conduct, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- i. Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the Code of Ethics and other parts of the Standards of Professional Conduct, to maintain competence and keep up with developments in the financial planning field; and
- ii. Ethics – Renew an agreement to be bound by the Standards of Professional Conduct. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Item 3: Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of this advisory business.

Item 4: Other Business Activities

Tavis Gannon Parkerson Jr is a licensed insurance agent. This activity creates a conflict of interest since there is an incentive to recommend insurance products based on commissions or other benefits received from the insurance company, rather than on the client's needs. Additionally, the offer and sale of insurance products by supervised persons of Oak Harvest Investment Services are not made in their capacity as a fiduciary, and products are limited to only those offered by certain insurance providers. Oak Harvest Investment Services addresses this conflict of interest by requiring its supervised persons to act in the best interest of the client at all times, including when acting as an insurance agent. Oak Harvest Investment Services periodically reviews recommendations by its supervised persons to assess whether they are based on an objective evaluation of each client's risk profile and investment objectives rather than on the receipt of any commissions or other benefits. Oak Harvest Investment Services will disclose in advance how it or its supervised persons are compensated and will disclose conflicts of interest involving any advice or service provided. At no time will there be tying between business practices and/or services (a condition where a client or prospective client would be required to accept one product or service conditioned upon the selection of a second, distinctive tied product or service). No client is ever under any obligation to purchase any insurance product. Insurance products recommended by Oak Harvest Investment Services' supervised persons may also be available from other providers on more favorable terms, and clients can purchase insurance products recommended through other unaffiliated insurance agencies.

Item 5: Additional Compensation

Tavis Gannon Parkerson Jr is a licensed insurance agent and appointed with various unaffiliated insurance carriers via our insurance agency Oak Harvest Insurance Services, LLC.
